The company forming to operate a steamer line between Astoria and Cape Nome did not perfect organization yesterday owing to the absence from the city of a leading stock-holder, but will proceed with the organization tomorrow. The prospects are very encouraging.

All Astorians who visit Portland and desire spending a pleasant evening in company with polite people and in the enjoyment of an unexcelled musical program, should go to the Fredericksburg. Besides vocal and instrumental selections there are many other attractions to delight the visitors. The new management is making the Fredericksburg a well-merited success. BROWN & GRANT, Props.

He was a native Clatsop county rancher and seldom traveled. In fact he had not been even in Astoria but once before and that was nineteen years ago. He had read of the modern improvements, electric lights, telephones, horseless carriages, etc., and when he visited Astoria yesterday he sought out all the wonders that this city afforded. His last act before he started home was to watch the operation of the Linotype machine in the Astorian office. When asked which of the inventions had impressed him most he solemnly replied—"By gosh, the horseless piano at the Occident beats 'em all."

FLOODED THE ROOM.

Forest of Music Heard in the Hotel Parlor.

The reporter had attended a political convention and was not in a musical mood yesterday when he went to hear the pianola play in the parlor of the Occident hotel.

Several prominent Astoria ladies, some of them good musicians, were in the parlor and Mr. Bruce was at the pianola.

The reporter had heard the pianola before—heard it often and sometimes too often, but his visit of yesterday convinced him that there is as much difference between a musician's performance of the pianola and the novice's efforts as there is between the artist and the amateur on the piano.

The pianola simply relieves the musician of the mechanical effort in playing. No player can ever reach the perfection so far as concerns the mechanical operation, that the pianola can give him. But the new instrument does not displace the artist. It gives all the more opportunity for the artistic interpreter.

As the pianola and its player rendered the compositions of the old masters and the varying strains flooded the room with melody, politics with its tricks and disappointments were forgotten and the newspaper man, although no musician, heard and felt the music.

It gave him a different idea of the pianola and he left with the profoundest respect for the instrument as the friend of not the substitute for the artistic piano player.

Mr. Ballard, who represents the Aeolian Music Company, cordially invites the ladies and gentlemen of Astoria to call at the hotel and hear the instrument. A number have already availed themselves of the opportunity to hear the pianola at its best.

REPUBLICANS ARE IN THE FIELD

FULL TICKET NOMINATED

George Welch Selected for City Attorney Over Harrison Allen—W. E. Dement for Mayor.

The republican city convention yesterday nominated the following ticket: MAYOR.....W. E. DEMENT AUDITOR AND POLICE JUDGE.....N. E. NELSON CITY ATTORNEY.....GEO. WELCH CITY TREASURER.....A. S. TEE COUNCILMEN.....THOS. MOKKO FIRST WARD.....J. Q. A. BOWLEY SECOND WARD.....A. C. BRIX THIRD WARD.....A. C. BRIX

The voting was without contest except for city attorney, police commissioner and city surveyor.

The result of the vote for city attorney was a surprise to a great many. Mr. Welch receiving 29 votes and Mr. Allen 13. Dr. Logan, Capt. Habbage and Mr. A. S. Reed were placed in nomination for police commissioner, the vote standing, Logan 19, Habbage 8, Reed 6. There was really, however, no contest over this office, none of the gentlemen being candidates for the nomination.

Mr. Raymond, the present city surveyor, was suggested for renomination, but it was developed that he is not a "republican" although willing to accept a nomination from any party that lacked a candidate. Mr. Tee received 29 votes, Mr. Raymond 2.

Judge Nelson presided over the convention and Clark Bell officiated as secretary. It was an unanimous gathering.

The following were selected to serve as the city central committee: First ward, L. E. Howes, Wm. Hansen, R. G. Præd; second ward, C. J. Curtis, J. W. Welch and Aug. Danielson; third ward, J. E. Young, F. P. Elenweber and John Nordstrom. This committee is requested to meet at Mr. Welch's office 7:30 o'clock Friday evening.

The ticket nominated is not in all respects one that all republicans would have selected, but is generally considered a clean, able winning aggregation of candidates that all republicans can and will vote for, and besides it will draw to its support most of the independent voters.

It is hoped and expected that the democrats today will also put in the field a ticket of good men, and that the coming campaign will be decently and honestly conducted.

The Astorian is informed that Mr. Mokko, candidate for councilman from the first ward, will receive the earnest support of the Lanometar.

LAKE MICHIGAN WRECK.

CHICAGO, Nov. 21.—A special to the Record from Toronto, says: The schooner Maple Leaf was brought into Port Stanley harbor today by the tug Snow Storm. She was found tossing in the waves abreast of New Glasgow a complete wreck above decks. Her captain, Ralph Robson, of Leamington, who is her owner and his brother, Evan Robson, of Leamington, had both been drowned and the two surviving members of the crew, David Adams and J. A. McIntosh, had a terrible experience. The storm struck them 25 miles north of Cleveland Friday night. Captain Robson was engaged to be married Wednesday to Miss Clara Foster, of Leamington.

STILL MORE COUNTERFEITING.

The Secret Service has unearthed another band of counterfeiters, and secured a large quantity of bogus bills, which are so cleverly executed that the average person would never suspect them being spurious. Things of great value are always selected by counterfeiters for imitation, notably the celebrated Hoetter's Stomach Bitters, which has many imitators but no equals for indigestion, dyspepsia, constipation, nervousness, and general debility. The Bitters set things right in the stomach, and when the stomach is in good order it makes good blood and plenty of it. In this manner the Bitters restores vigor to the weak and debilitated. Beware of counterfeiters when buying. See that a private Revenue Stamp covers the neck of the bottle.
